## EDUCATION

**KLS Gogte Institute of Technology**

Bachelor in Engineering  
2024 - 2028

**KLE International School**

School  
2010 - 2024

## SKILLS

- Cybersecurity Fundamentals
- Web development
- Network security
- Vulnerability Awareness
- Linux Basics
- Pen-testing Tools:
  - 1) Kali Linux
  - 2) Wireshark
  - 3) Nmap
  - 4) Burp Suite

## LANGUAGES

English

Hindi

Kannada

Marathi

## ABOUT ME

I am an engineering student passionate about cybersecurity and ethical hacking. I am learning how to find and fix security problems using tools like Kali Linux, Wireshark, Nmap, and Burp Suite.

## PROJECTS & ACHIEVEMENTS

### SmartAcad – 3rd Place Winner

- Event: Byte-Battle Hackathon, VTU VRIF, May 2025
- Built a working web application using HTML, CSS, JavaScript, Python .
- Solved a real-world problem in EdTech.
- Secured 3rd position among 45+ teams. Demonstrated creativity, coding, and teamwork under time pressure.
